We are situated in the beautiful Pacific Northwest in the Portland, Metro area. Our location allows us to ship UPS ground service with next day delivery to the entire state of Oregon and the majority of the state of Washington. Second day ground service extends throughout the rest of Washington, Idaho and all the way to the continental divide in Montana. Our 20,000 sq.ft building contains our entire inventory, personnel and testing facilities. Everything we have is one location! This allows us to ship most of our orders the same day that they are placed.

PROFESSIONAL ELECTRICAL APPARATUS RECONDITIONING LEAGUE

www.pearl1.org

Founded in 1997, PEARL - is the professional trade organization of companies that supply quality surplus and remanufactured electrical equipment and apparatus.

PEARL's members must meet strict technical, safety, and operational requirements; and are committed to the safe reconditioning and remanufacturing of electrical apparatus and equipment that has previously been in service.

Buying surplus or remanufactured electrical products from a PEARL member ensures that you are buying from a reputable company that meets PEARL's membership requirements and standards for safety, testing, and remanufacturing.

Only product bearing the PEARL Quality Seal (blue or green) offers assurance that the product has been reconditioned or inspected and tested to PEARL standards. **TRUSTED - SAFE - NOW.**
